# ROC DU BEL AIR

BORDEAUX ROSE

## THE VINEYARD

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. The Bordeaux rosé appellation wines are made using a short skin contact of just a few hours; the juice, free of tannins, is then vinified like a white wine. Bordeaux rosés are supple with fruity aromas, fresh, elegant and long on the palate.

## HISTORY

Roc is commonly used as the name for villages built on stone foundations. The name "roc" gives an impression of solidity, balance and heritage. The wines of Bordeaux are firmly based on French and Bordeaux tradition, wines made with the know-how of cultural heritage, viticulture and symbolic architecture.

## WINEMAKING AND AGEING

The grapes are harvested early in the morning to avoid strong heat. Rapid destemming and crushing of the grapes. Short skin contact of a few hours. Pressing of the grapes. The must obtained is cold settled before the alcoholic fermentation. This continues until all the sugar is used up, to provide a dry wine. It takes place with temperature control in the presence of yeasts selected according to the required profile. Ageing on fine lees.

### GRAPE VARIETIES

30% Merlot, 60% Cabernet sauvignon, 10% Cabernet franc

### FOOD PAIRINGS

Serve at between 10 and 12°C with skewers, grilled meats or seasonal salads.

## TASTING

Clean pale pink colour. Expressive nose of fresh fruit. Lively on the palate with fat, full and aromatic. A fruity, elegant, well-balanced wine carried by its good freshness.
