LA COOPERATIVE

BORDEAUX RED

THE VINEYARD

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. The tide, which flows up both of the region's rivers, brings very specific characteristics to the wines. With its huge size, Bordeaux reds offer an infinite palette of flavours and combine their qualities in myriad different ways.

HISTORY

In addition to being a community sharing solution for winegrowers, a cooperative boosts the local economy. It guarantees sustainable economic activity, and professional and community life in rural areas. Sustainable and inclusive, our wine represents this commitment. But LA COOPERATIVE also makes an environmental promise. With HVE3 (High Environmental Value) certification, this cuvée meets the requirements of environmentally friendly agriculture.

WINEMAKING AND AGEING

Cold soaking before fermentation (4 to 15°C for several hours) for the ripest grapes, to obtain more intense fruity notes. Thermovinification of part of the harvest, to obtain a must rich in colour and fruity aromas. Alcoholic fermentation (controlled temperature, selected yeasts) and maceration of the skins for around 3 weeks to obtain a rounded wine with good structure. Ageing in stainless-steel and concrete tanks.

GRAPE VARIETIES

70% Merlot, 25% Cabernet sauvignon, 5% Cabernet franc

FOOD PAIRINGS

This fruity, modern wine goes perfectly with everyday cuisine and aperitifs.

TASTING

Coming from HVE3 certified properties, this wine brings together winegrowers who share the same sense of viticulture: integrated, healthy, the agriculture of the future. The result is an uninhibited wine, with no pressure and lots of fruit. An easy-drinking wine, the supple tannins are discreet.
