CLOS LAFITTE CAMPAGNE

JURANCON MOELLEUX

THE VINEYARD

The origins of Jurançon go back more than a thousand years. The wine was one of the first in the world to gain appellation status guaranteeing its quality. The vineyard is made up of tiny parcels nestling in sun-filled valleys, from the terraces of Château de Pau to the spectacular Pyrenees mountain range. The sandy clay soils of Béarn are rich in round pebbles, brought down by floods and glaciers from the Pyrenees. This gives the sweet white wine of Jurançon its softness, vigour, structure and velvety smoothness: in fact a wine to please everyone.
